Reporting Abuse

How to report abuse or neglect:

- (866) 829-2153 (Region 2)
- (866) 363-4276 (Statewide) - available 24/7 - (866) END-HARM

Questions that will be asked when you call

- The name, address and age of the child/youth
- The name and address of the child/youth's parent, guardian or other persons having custody of the child/youth
- The nature and extent of the abuse or neglect
- Any evidence of previous incidences
- Any other information which may be helpful in establishing the cause of the child/youth's abuse or neglect and the identity of the perpetrator

You do not need to have all of the above information when you call to make a report, but the more accurate information you can provide, the better equipped the offices will be to assess the child/youth's safety.
